Trees

A living memorial can be established within one of Ashland's three parks. Those wishing to donate may elect to provide and plant the tree themselves under City supervision or sponsor a tree which will be purchased and installed by City personnel. Cost of tree sponsorship is \$250 per tree. This cost includes the tree, installation and maintenance. A dedication marker will be provided by the City.

Picnic Tables

The City of Ashland is currently replacing the wooden picnic tables in the parks with modern tables. These tables are constructed of high quality materials and are coated in a durable high gloss rubberized finish. Individuals or organizations may sponsor a picnic table for a minimum donation of \$1,000 per table. This cost includes the table and installation. A dedication marker will be provided by the City.

Benches

Over the past several years the City, with the help of several generous contributors, has successfully replaced the wooden benches located within the main City park with modern benches. These benches are constructed of high quality materials and are coated in a durable high gloss rubberized finish. These new benches have dramatically improved the appearance of the park and match the picnic table design. Opportunities for bench donations still exist for all park areas. Individuals or organization may sponsor a bench for a minimum donation of \$1,000 per bench. This cost includes the bench, installation, a new concrete pad. A dedication marker will be provided by the City.
